

**ENVIRONMENTAL DISCLOSURE LABEL**  
**Renaissance Power & Gas, Inc.**  
**For the Period of April 1, 2025 to March 31, 2026**

Electric suppliers and distribution companies are required to provide customers with a disclosure label. The label enables customers to look at the energy sources, air emissions, and information about the supplier's company in order to make a more informed choice of a power supplier.

| Labor characteristics were calculated by dividing the number of certificates identified as union labor on the NEPOOL-GIS GIS Certificate Statistics – Other Attributes Report by the total number of certificates by fuel on the NEPOOL-GIS Certificate Statistics – by Fuel Report. Subtracting that number from one results in the without union labor percentage. |               |
| With Union Labor                                                                                                                                                                                                                                                                                                                                                     | 19.6%         |

**Notes**

- Electricity customers in New England are served by an integrated power grid, not particular generating units. The above information is based on the most recently available information for the NEPOOL Generation Information System. Renaissance Power and Gas procures all of its electricity supply through system power contracts from the system, not from specific generating units.
- Renaissance Power & Gas, Inc. served a carbon-neutral product, offsetting all carbon associated with a customer's monthly usage through the purchase of carbon credits.
- See reverse side and your Terms of Service for further information on this label. For additional information, you may contact Power & Gas, Inc. at [www.renaissancepowerandgas.com](http://www.renaissancepowerandgas.com) or by phone at (888) 811-0877, the Massachusetts Department of Public Utilities Consumer Division at 1-877-866-5066, [www.mass.gov/dpu](http://www.mass.gov/dpu), or the Massachusetts Division of Energy Resources, [www.mass.gov/doer](http://www.mass.gov/doer).
